

A TRIP TO HAMPSHIRE COUNTY, WEST VIRGINIA

[COMMUNICATED]

On a bright October morning I boarded a N. & W. train at Berryville, transferred to the B. & O. at Shenandoah Junction, on a West bound train, changed cars at Green Spring to a bank road going to Romney, and reached Springfield, a romantic and picturesque village of perhaps 350 inhabitants, about 4 p. m. For one week my eyes feasted daily upon magnificent scenery that perhaps ranks with any in the United States. The cloud capped mountains, towering many hundreds of feet above, and the beautiful South Branch, winding its way so modestly and gently through these everlasting hills of old West Virginia. To approach this variety of landscape and mountainous beauty, one has to see it to fully comprehend its magnitude. Not only does the beholder stand amazed at the great natural wonders of nature, but is filled with a great and more devout reverence for the Creator as he sees the greatness of His handiwork in the sublime works of nature.

Tower Hanging Rock is 700 feet above the road bed and leans about 60 feet over the road, seemingly a most dangerous place for a road to the casual observer, but perfectly safe and solid. Little Hanging Rock, Pivot Rock, and Rawn Rock are all exceedingly interesting places to visit. Ferns grow luxuriantly, with here and there the sweet trailing Abutus.

The hospitality of the people is unbounded in its generosity, and the good people of Springfield are royal entertainers. Mr. Wm. Singhass, formerly of Clarke county, is a prominent business man of the town, conducting a large store and proprietor of the hotel, a most excellent place to stop at. His son, Mr. Walter Singhass, is a graduate of the West Virginia University, and is a rising and promising young attorney at law, and we predict for him a brilliant career in his chosen profession.

The town has a fine graded school, of which Prof. S. T. Tutwiler is principal, a very pleasant and genial gentleman. Assistant principal is Miss Kate Scanlon, sister of Rev. D. H. Scanlon, of Berryville.

Dr. West and Dr. Bryan, dentists, are prominent in their professions. The Presbyterians have a very handsome church edifice, elegantly finished. Rev. Mr. Gribbrotzer, a former missionary to Brazil, is the pastor. Rev. H. M. Strickler, a very pleasant gentleman, is pastor of the M. E. Church South.

The county is a noted grazing country, and fine stock of all kinds abound. Wheat and corn are raised in small quantities, but grazing is the principal industry. Mr. Robert Washington, a large stock dealer, has an immense farm and finely improved.

A pleasant drive of nine miles over an excellent road, we reached Romney, the seat of justice for Hampshire county. It is a very pretty town of 1800 inhabitants, with beautiful homes and handsome grounds, and has good brick side walks, electric and gas lights, and a handsome court house; also, Presbyterian Episcopal and Methodist churches. The D. & B. Institute is a very interesting place to visit. The old building cost \$34,000, the new one \$45,000. Everything is kept in perfect order, and the grounds are lovely, adorned with fountains and flowers.

Wild game in great variety abounds in Hampshire. May the good people of dear old Hampshire live long and prosper!

"TRAVELLER."

A Woman's Awful Pain.

"There is only one chance to save your life and that is through an operation" were the startling words heard by Mrs. I. B. Hunt of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters which wholly cured her. It's a wonderful Stomach, Liver and Kidney remedy. Cures Dyspepsia, Loss of Appetite. Try it. Only 50 cts. Guaranteed. For sale by C. Blencowe druggist.

The cruiser Yosemite was recently destroyed by a typhoon off the Island of Guam, one of our newly acquired Spanish possessions. Five lives were lost. It is an open question if the whole island is worth as much as the Yosemite and these five lives.

Many persons have had the experience of Mr. Peter Sherman, of North Stratford, N. H., who says, "For years I suffered torture from chronic indigestion, but Kodol Dyspepsia Cure made a well man of me." It digests what you eat and is a certain cure for dyspepsia and every form of stomach trouble. It gives relief at once even in the worst cases, and can't help but do you good.

The Willy Turk.

The battleship Kentucky which stopped on its way to Manila to collect the little indemnity of \$100,000 owed this government by the Sultan of Turkey has been ordered to proceed on its way, and there are no indications that as a collector the battleship was a success.

The wily Turk appears to have made everybody feel happy and still retained his gold which is truly the work of a diplomat and an accomplishment possessed by few men.

When the battleship came in sight the subtle debtor did not grow indignant and appear to be outraged that his tardiness in payment was being resented by another nation. Not he, the wily Turk. He gave the officers of the ship the glad hand, so to speak. Invited them to come ashore and take one with him. He hastened no doubt to make the distinguished naval officers acquainted with his official household, had them bobbing with the Betel-Carrier and Taster of Sherberts, Chief Holder of the Girdle of Beautiful Forms and the Grand Nazir or Chamberlain of the Harem, and withal made them feel that they were in the royal gardens of a friend.

He dashed off an order or two for battleships to be built in this country, just like the great Kentucky, over whose magnificence he chattered cheerily away while he helped the boys to converse of "rose leaves and permitted the unstinted sherbet to trickle down his luxuriant whiskers.

How could they mention a little trifle like \$100,000 between friends. Perish the thought. There no incentive to descend to vulgar talk of money in the presence of oriental opulence and royal splendor. Draw a draft on his nibe or send a messenger boy, but do not waste time in sending the apostles of the cold bottle and hot birds into the festive den of the wily Turk.—Richmond News.

Tortured A Witness.

Intense suffering was endured by witness T. L. Martin, of Dixie, Ky., before he gave this "evidence": I coughed every night until my throat was nearly raw; then tried Dr. King's New Discovery which gave instant relief. I have used it in my family for over four years and recommend it as the greatest remedy for Coughs, Colds and all Throat, Chest and Lung troubles. It will stop the worst cough, and not only prevent but absolutely cures Consumption. Price 50c and \$1.00. Every bottle guaranteed. Trial bottles free at C. Blencowe Drug Store.

No Discrimination.

In a sensible article on the improvement of Southern rivers and harbors, the New Orleans Picayune says:

"The costs of transportation are largely borne by the producers, but it makes no difference who pays the freight, it is evident that the payer seeks to get his carrying done at the lowest possible cost. Thus is settled the fact that the shipping of to-day requires deeper harbors and channels than were considered ample a decade or two ago, and the demand for such ship channels is most urgent to accommodate the commerce that seeks an ocean outlet. As a result all the Atlantic and Gulf ports are appealing to the general Government for relief in the premises, and common equity and justice demand that this relief should be given without regard to the sectional location of ports."

The Southern States are as much a part and parcel of the Union as the States of any other section, and they are fairly entitled to their just proportion of the money expended in the improvements of rivers and harbors. It would be monstrous for the Government to discriminate against these States because of any sectional prejudice that may exist in Congress.

A Keen Clear Brain.

Your best feelings, your social position or business success depend largely on the perfect action of your Stomach and Liver. Dr. King's New Life Pills give increased strength, a keen, clear brain, high ambition. A 25-cent box will make you feel like a new being. Sold by C. Blencowe Druggist.

French army officers are contending that England could be invaded with ease. The French have swapped opinions with Great Britain more than once, and have found many of their pet theories materially changed by the result. When they begin their invasion of England they will probably get a still clearer insight into the pugnacious character of their rivals across the channel.

Now is the time when croup and lung troubles prove rapidly fatal. The only harmless remedy that produces immediate results is One Minute Cough Cure. It is very pleasant to take and can be relied upon to quickly cure coughs, colds, and all lung diseases. It will prevent consumption. J. C. Ayer.

The Horror Of The Philippines.

Mental and physical disorders amongst our soldiers in the Philippines are increasing most alarmingly. The terrible climate of the Philippines, the dependency produced by homesickness and the continued experience of dealing with a foe fighting only from ambush, has shattered both the mental and physical systems of both officers and men. Officers of both the army and navy who went from here in the full vigor of health not many months ago are now being brought home to their sorrowing families. It is very pretty to talk about a soldier's duty and a soldier's pride, and it is very pretty to read the eloquent flights of the expansion statesman and orators who discourse on the subject at the long range distance of eight to ten thousand miles. Every now and then also the country is favored with extracts from the letters of some fighting soldier in the Philippines who is as one in a thousand. At the same time the President and the War and Navy Departments are fully aware almost the entire body of our forces in the Philippines would be glad to come home to-day if they had the sanction of superior authority to do so.—Bedford Bulletin.

Millions Given Away.

It is certainly gratifying to the public to know of one concern that is not afraid to be generous. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles and have the satisfaction of knowing it has cured thousands of hopeless cases. Asthma, Bronchitis, La Grippe, and all Throat and Lung diseases are surely cured by it. Call on C. Blencowe, Druggist, and get a free trial bottle. Regular size 50c and \$1.00. Every bottle guaranteed.

"I tell you," said the darky, "what de trouble is wid de niggah an' why he don't prosper like de white man. He don't know how to transfer. Now, if I gives my note to a white man to git money to make a crap wid, he transfers it to de merchant, an' de merchant transfers it to de commission merchant, an' de commission merchant transfers it to de bank, an' de bank transfers it to de sunder bank, an' ebbery one of dem gets money on it, an' nobody has to pay it but me. De niggah an't gwine to do nuthin' till he can learn how to transfer." It seems to me that out in Ohio several gentlemen in the Legislature of that State have learned to transfer, and the suspicion is that Hanna has to do all the paying.

Help is needed at once when a person's life is in danger. A neglected cough or cold may soon become serious and should be stopped at once. One Minute Cough Cure quickly cures coughs and colds and the worst cases of croup, bronchitis, whooping cough, and all throat and lung troubles. J. C. Ayer.

A very funny case came up before the court at Edensburg, Pa., on Saturday last. George Reed, who resides near Johnstown and wears a wooden leg, and Sadie Baldwin, a neighbor who also uses a wooden leg, were the contestants. The woman alleges that a month or more ago Reed persuaded her to trade pigs with him. Afterward she became dissatisfied with her bargain and wanted Reed to trade back. This Reed positively refused to do, as the leg he had traded for suited him better than his old one. Miss Baldwin then brought suit against him to recover her leg. Reed pleaded guilty to larceny, paid the costs and returned the artificial limb to her.

When the stomach is tired out it must have a rest, but we can't live without food. Kodol Dyspepsia Cure "digests what you eat" so that you can eat all the good food you want while it is restoring the digestive organs to health. It is the only preparation that digests all kinds of food. J. C. Ayer.

The census returns of Texas present some curious facts. For instance, Bailey county has but four residents; Cockran has twenty-five; Andrews has thirty-seven; Lynn has seventeen, and Dawson has thirty-six. Twenty-five other counties have populations of less than 500 each. Some counties have no running stream in their borders, some are hundreds of miles from a railroad, and others are almost wholly inhabited by prairie dogs, jack rabbits and rattlesnakes. Tom Green county, the largest in the State, is larger than the whole State of Ohio, and has but 6,404 inhabitants.

Don't use any of the counterfeits of DeWitt's Witch Hazel Salve. Most of them are worthless or liable to cause injury. The original DeWitt's Witch Hazel Salve is a certain cure for piles, eczema, cuts, scalds, burns, sores and skin diseases. J. C. Ayer.

When you need a soothing and healing antiseptic application for any purpose, use the original DeWitt's Witch Hazel Salve, a well known cure for piles and skin diseases. It heals sores without leaving a scar. Beware of counterfeits. J. C. Ayer.

The most effective little liver pills made are DeWitt's Little Early Risers. They never gripe. J. C. Ayer.

Steel For Cross Ties.

The Lake Shore and Michigan Southern Railroad is making some interesting tests with steel ties. The company is continually replacing old steel rails for new, and as no other practical use has been found for the old rails it has now been decided to try them for ties in place of wood. Several months ago, says a Chicago correspondent, these steel rails, after having been flattened, were placed under the track of the Sandusky Division, and a careful examination made last week with a gauge showed that the steel ties had not allowed the gauge of the track to change a particle since they were laid. The first three oak ties on each side were also exact, while the fourth, fifth and sixth wooden ties had widened to a considerable extent. The correspondent says that the Lake Shore people are pleased with the result of the test. The average life of a wooden tie is six years, but the chief engineer of the Lake Shore road sees no reason why ties of steel should not last twenty-five years before deteriorating to such an extent as to necessitate renewal. Steel is rapidly taking the place of wood, where it can be done to advantage, in all structural work.

World's Champion.

"I tried many remedies to cure piles, writes W. R. Smith, of Latham, Ill., 'but found no relief till I used Bucklen's Arnica Salve. I have not been troubled with piles since.' It's the only champion pile cure on earth and the best salve in the world. 25c per box, guaranteed by C. Blencowe druggist.
